IV labetalol and oral nifedipine in acute control of severe hypertension in pregnancy – A randomized controlled trial
Zulfeen M, Tatapudi R, Sowjanya R.

Introduction of a dedicated team increases the success rate of external cephalic version: A prospective cohort study
Thissen D, Swinkels P, Dullemond RC, van der Steeg JW.

Maternal age over 40 years and pregnancy outcome: a hospital-based survey

Cervical pessaries for the prevention of preterm birth: a systematic review and meta-analysis

Cell-Free DNA Analysis in Maternal Blood: Differences in Estimates between Laboratories with Different Methodologies Using a Propensity Score Approach
Fetal Diagn Ther. 2019;45(5):302-311. PMID: 29898450

False-Positive Rate in First-Trimester Screening Based on Ultrasound and Cell-Free DNA versus First-Trimester Combined Screening with Additional Ultrasound Markers
Fetal Diagn Ther. 2019;45(5):317-324. PMID: 29940565

Cardiovascular Risk Factors in Offspring of Preeclamptic Pregnancies – Systematic Review and Meta-Analysis
Andraweera PH, Lassi ZS.

Clinical application of noninvasive prenatal screening for sex chromosome aneuploidies in 50,301 pregnancies: initial experience in a Chinese hospital
The vaginal microbiome and preterm birth

Placental growth factor testing to assess women with suspected pre-eclampsia: a multicentre, pragmatic, stepped-wedge cluster-randomised controlled trial
Lancet. 2019 May 4;393(10183):1807-1818. PMID: 30948284

A Randomized Trial of Progesterone in Women with Bleeding in Early Pregnancy

Chromosomal microarray analysis in fetuses with an isolated congenital heart defect: A retrospective, nationwide, multicenter study in France

Applicability of Standardized Early Fetal Heart Examination in the Obese Population
Asoglu MR, Yao R, Seger L, Turan OM, Turan S.

Prenatal prediction of survival in congenital diaphragmatic hernia: An audit of postnatal outcomes
